

4th October 2023

Dear Parents/Carers

I am delighted to share with you the inspection report following our recent Ofsted inspection.

West Coventry Academy was judged to be **Good** in all areas. The report details the significant improvements we have made since the school's last inspection in 2019, particularly around the curriculum and outcomes.

The inspectors also commented on how proud our students are to attend West Coventry Academy and how quickly they have settled into the new building.

I too am very proud that inspectors noted the high expectations we have of all students and our commitment to building a school community based around our 4Rs.

Ofsted have noted some areas which need further development and we have already started working on plans to address these. One of the key foci is around attendance and ensuring all our students attend school so that they benefit from the many opportunities here at West Coventry Academy. I look forward to continuing to work in partnership with you to ensure that attendance to school improves for every child.

Richard Gill, CEO of the Arthur Terry Learning Partnership has also extended his congratulations to our school community following the inspection,

'My congratulations to everyone connected to West Coventry Academy. This report captures the excellent progress the school has made under Mrs Neofitou's amazing leadership. My thanks to all staff for their commitment to our students ensuring children are at the heart of everything we do.'

Sincerely

Ana Neofitou
Headteacher
